

FRANKLIN COUNTY SHERIFF IS KILLED

William VanCamp Shot to Death
Eight Miles East of Brookville
by Automobile Thieves

LOCAL OFFICIALS CALLED

Sheriff Hunt, Chief of Police Black-
burn and Patrolman Lakin Assist
in the Search

(By United Press)

Brookville, Ind., Aug. 20.—Sheriff
William VanCamp of Franklin county
was shot to death by two bandits
in an automobile, eight miles east of
here, today.

The bandits opened fire on the
sheriff when he attempted to examine
their car, which he believed was a
stolen one. The car bore an Ohio
license.

The two bandits had camped over
night in a woods near Brookville.
Their actions this morning aroused
the suspicion of a farmer and he
called the sheriff.

Sheriff VanCamp went to investi-
gate alone. He entered the woods
just as the bandits were leaving and
attempted to stop them. Persons near
the scene heard five shots. The band-
its fled in their car. The sheriff was
found with four bullet holes through
his chest and abdomen.

Immediately after the shooting
hundreds of men in southeastern
Indiana and southwestern Ohio
joined in a search for the murderers.
VanCamp was thirty-seven years
old and was serving his second term
as sheriff. He was a world war vet-
eran and had been married only two
months ago. The widow is prostrated
with grief over the shooting.

Rushville authorities were notified
about 8:30 this morning that William
VanCamp, sheriff of Franklin county,
had been shot near Brookville,
and Sheriff Hunt, with Police Chief
Blackburn and Patrolman Lakin left
at once on the Brookville road in a
machine, expecting to head off the
car if it came this way.

Other officers were stationed at
street corners to watch for a Nash
touring car, bearing an Ohio license,
but no car answering the description
passed through the city.

The local officers made the entire
trip to Brookville and stated that
a posse of farmers had the roads
well guarded around that city. In
some places rail fences were built
across the roads, so that all ma-
chines had to stop before passing.

When the officers returned here
this afternoon, they stated that there
was very little clue to the affair.
The strangers came to Mt. Carmel,
8 miles east of Brookville, near the
Ohio state line, last night, and asked
permission to camp overnight in a
grove near the farm house.

FOUR FARM HANDS ACCUSED OF THEFT

John, Walter and Fred Hasty and
Claude Johnson Arrested on
Charge of Conspiracy

CHICKEN STEALING ALLEGED

Four men, all farm hands living
north of Rushville, were arrested
Sunday and are in jail on a charge
of conspiracy to commit a felony,
the affidavit being the result of what
is said to be a chicken theft on the
Leisure farm, tenanted by Russell
Reddick.

The men arrested are John Hasty,
Walter Hasty, Fred Hasty and
Claude Johnson. John and Walter
Hasty and Johnson were arrested
about noon Sunday morning and
Fred Hasty was arrested late yester-
day evening.

The affidavit was signed by Mr.
Reddick, who alleges that on August
18, the four men conspired, with
each other for the purpose of steal-
ing, and did steal 44 chickens from
the prosecuting witness, and that the
value of the loot was \$40.

It is understood that the farmer
missed about 60 chickens from his
flocks, and started an investigation,
assisted by neighbors. According to
the officers, the clue that was fur-
nished the farmers was followed, and
the chickens were said to have been
identified by Mr. Reddick, in posses-
sion of one of the defendants.

BOND IS RAISED TO \$1,000

Harold Case, Alleged Nude Motorist,
Bound Over to Circuit Court

Harold Case, the alleged nude
motorist, was again taken into cus-
tody by Sheriff Hunt, upon orders
from Judge Sparks in the circuit
court, who permitted his release up-
on \$1,000 bond. He had been held on
a \$100 bond in Justice Steel's court
on a charge of public indecency.

The defendant is under a suspend-
ed sentence of from 2 to 14 years
on a charge of grand larceny, and
until the case charging him with pub-
lic indecency can be tried, the higher
court intervened and increased his
bond. It is the custom in the circuit
court to revoke the suspended sen-
tence, if the defendant is deemed
guilty of doing anything that would
justify the court to take such action,
and for this reason it is supposed
that the court wanted higher bond.

CONSTABLES TO PROVIDE BONDS

Decision of Fayette County Branch
of National Horse Thief Detective
Association

Question Arises When Machines Are
Searched and Fired on by Un-
known Persons

Members of the Fayette county
branch of the National Horse Thief
Detective association, who have been
appointed constables by the Fayette
county board of commissioners, will
provide bonds of \$1,000 each, it is
stated in the Connersville News-Ex-
aminer, on the authority of Charles
E. Smallwood, member of the board,
who conferred with representatives
of the association.

Several weeks ago the Rush county
board of commissioners decided to
issue no more appointments as con-
stables to members of the Rush county
company until they provided bonds
of \$1,000 each, acting in accordance
with an opinion of T. M. Green, county
attorney.

The question came to issue in Fayette
county when two automobiles
were fired on Wednesday night last
week by a raiding party searching for
an alleged booze runner. Continuing
regarding the action of the authori-
ties in Connersville, who have decid-
ed that only men deputized by the
sheriff or chief of police shall assist
the police, the News-Examiner says:

The announcement regarding bond
is part of a statement issued by the
association, in which an explanation
of the shooting affair is given. The
explanation agrees with statements
made last night by Patrolman Harry
Smith, who was at the scene of the
shooting, and Patrolman Willis Jones
who as night chief ordered Patrol-
man Smith to accompany three mem-
bers of the association in an effort
to capture an alleged booze runner.

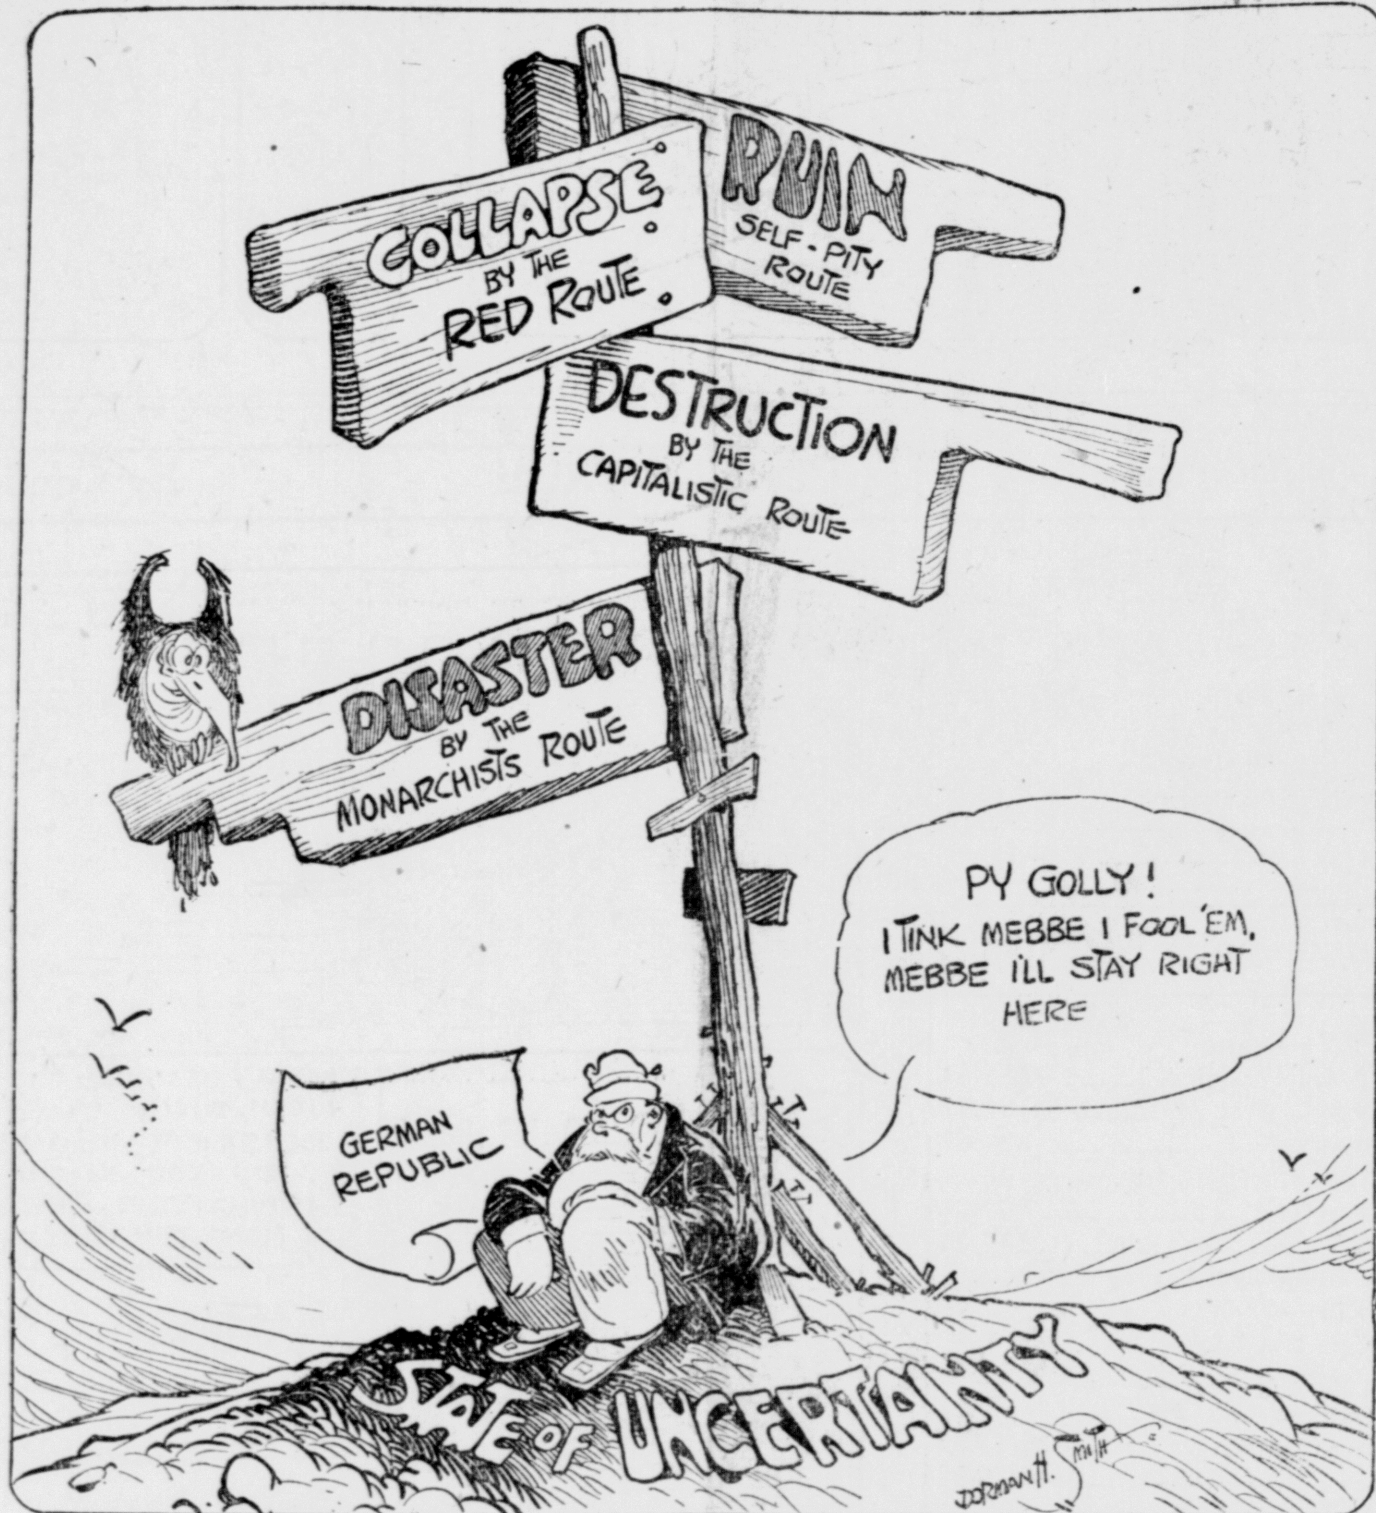

As a result of the Wednesday
night incident Sheriff George H. Hal-
ey has decided that in the future of-
ficers engaged in official duties upon
the public highways of the county
will be deputized by him. Everett
Ketchum, chief of police, also has
taken the stand that men assisting

Camp Red Wing Visitors

A number of friends and relatives
of Rush county boys at Camp Red
Wing, Turkey Run state park, near
Marshall, Ind., visited the boys at
camp Sunday, which was visitors
day. They found the Boy Scouts
very much enthused over the "hikes"
which they had enjoyed to historic
spots in the vicinity of the camp.
Among the visitors from here were:
Dr. and Mrs. Lowell M. Green and
son Lowell, Jr., and Mrs. Jesse B.
Fargo of Portland, Ore., Mr. and
Mrs. Johnson Jones and daughter,
Mr. and Mrs. Charles Caldwell and
daughter Josephine, Miss Grace Bil-

Holdup Climaxes 24-Hour Series Of
Shootings, Maraudings And
Holdups In Detroit

FOUR HELD IN POLICE MURDER

Detroit, Mich., Aug. 20.—Two
youthful bandits in a stolen auto-
mobile, held up Arthur Hamm, col-
lector of the General Ice Delivery
Company here this morning and es-
caped with \$5,000 in cash.

This holdup climaxed a 24 hour
series of holdups, shootings and
maraudings, probably by the same
band according to police.

Four men had been arrested by lo-
cal police this morning, under sus-
picion that they were members of a
band of seven which held up 150
patrons of the Allendale Inn early
yesterday, wounding two men and a
woman, escaping with between \$6,
000 and \$20,000 in cash and jewel-
ry and killing a policeman in their
dash for the open.

The prisoners gave their names as
Ray Scheere, 26; Edward Edwards,
36; Charles Baker, 29, and James
Jones, 26. Two of the men have
criminal records, police said. A fifth
man, Herman Sakalos, of Brooklyn,
N. Y., was also arrested.

dismemberments resulted from the
total of 5005 accidents during the
month.

CROWD EXPECTED ON COUNTY TOUR

Ten Litter Entries And Soy Beans
Will be Studied by Farmers on
Trip Tuesday

A BASKET DINNER AT NOON

Hog Meeting Scheduled for Jesse
Gray Farm at 1 P. M. Followed
by Soy Bean Meeting

According to reports reaching the
county agent's office here, a large
number of farmers will attend the
combination Ton Litter and Soy
Bean tour that will cover the lower
half of the county Tuesday. Every
farmer in the county is invited and
urged to attend and if they find it
impossible to make the entire tour,
they should enjoy the basket dinner
to be served at the Jesse Gray &
Son farm, two miles southwest of
Henderson, and attend the hog
meeting which will be held immedi-
ately following the dinner.

At the morning stops a ton litter
or ton litter prospect will be seen,
including the litters of Jesse Gray
and son and R. W. Dawson & Son.
Another attraction on the trip will
be the litter of Chester Meal, which
already has reached the ton mark,
with several more days yet to feed.

The farmers will also visit a num-
ber of fields of soy beans and Grimm
alfalfa. Following the hog meeting in
the afternoon, the remainder of the
day will be given over to the soy
bean project. The bean situation will
be studied on the farm of S. R. New-
house where fields of soy beans will
be inspected and where a report of
the results of following soy beans
with wheat will be given.

The tour will leave the court house
at 8 a. m., arrive at the D. W. Daw-
son and son farm at 8:30 a. m.;
leave Dawson's at 9 a. m., arrive at
Chester Meal 10 a. m.; leave Meal's
10:30 a. m., arrive at Charlie Phil-
lips 11 a. m.; leave Phillips' 11:30 a.
m.; arrive at Jesse Gray & son 12
noon. Basket dinner. Ton litter and
Hog meeting 1 p. m. Address by J.
R. Wiley. Leaving the Gray farm at
2 p. m. the tour will go to the farm
of S. R. Newhouse. Here W. A. Os-
trander will give a talk on Soy
Beans.

ISLAND IN LAKE ERIE SEARCHED FOR SLAYERS

Blood Hounds Lead to Edge of Lake
in Hunt For Murderers of Mon-
roe, Mich., Policeman

MAY HAVE BEEN DETROIT BAND

Monroe, Mich., Aug. 20.—Blood
hounds today led searchers for the
murderers of Motorcycle Patrolman
Oscar Reinhardt to the edge of Lake
Erie at Bolles Harbor, three miles
south of here.

Across from the spot where the
blood hounds came to a stop, after
a trail of five miles across the
country, is Kusler's island, where
the posse expected to find the three
men in the party of four autoists,
who shot and fatally wounded the
Monroe policeman yesterday.

On the beach where the dogs lost
the scent, a row boat had appar-
ently been drawn up on the sand.
Motor boats were sent out onto the
lake to search for the men and a
party of armed men was organized
to explore Kusler's Island for the
slayers.

Reinhardt was shot when he
stopped a car speeding through Mon-
roe. Although fatally wounded, he
fired five shots at the automobile.
Before he died he said he believed
he had wounded one of the men.

The men in the death car are be-
lieved by police to have been among
the bandits who held up a crowd of
170 persons in the Allendale Inn at
Detroit on Saturday night.

Retained

Col. C. O. Sherrill, military aide to
the late President Harding, will con-
tinue in that capacity to President

FOR PARTITION ON CLAIM

Two Law Suits are Placed on File
in The Circuit Court

A complaint for partition of real
estate and a suit on a claim against
an estate were filed in the circuit
court today. Richard Whittinger is
plaintiff in the suit against Verna A.
Wagoner, et al., in which he asks the
court to partition the real estate
among the numerous persons who
maintain an interest in it.

The Peoples National Bank is
plaintiff in an action placed on the
record in the nature of a claim
against Lora Behout, administratrix
of the estate of Maury Behout, and
in which the demand is \$1,205.90.
The bank alleges that the claim is
unpaid and past due, and asks that
the court order the administratrix
to make the payment.

MAY ASK CONFERENCE TO REGULATE AIRCRAFT

American Legion Seriously Consid-
ers Putting Proposal to Presi-
dent Coolidge

INTERNATIONAL RACE IS ON

(By United Press)

Indianapolis, Ind., Aug. 20.—
President Coolidge may be asked, in
the near future, to call a world con-
ference to regulate air craft con-
struction, it was indicated at na-
tional headquarters of the American
Legion today.

The international race in the air
among the nations allied in the world
war has alarmed Legion officials to
such an extent that today they sent
out ballots in a national referendum
on the advisability of holding an in-
ternational conference in Washing-
ton to regulate air construction.

All members of congress, govern-
ment of all states, 1000 editors, col-
lege presidents and prominent citi-
zens throughout the United States
will receive ballots in the referen-
dum.

If the referendum shows a majori-
ty sentiment in favor of an air-
craft limitation conference, National
Commander Owsley will ask Presi-
dent Coolidge to call such a con-
ference.

"America is ready to lead the
way to secure peace in the air and
she has gone far by example to make
war impossible on land and sea," a
statement from Commander Owsley
declared.

"Recognition Conference" in Mex-
ico City Will Bring About Resump-
tion Of Relations

COMMISSIONERS TO ADVISE IT

(By United Press)

Washington, Aug. 20.—American
recognition of the Obregon govern-
ment and resumption of diplomatic
relations between the United States
and Mexico will be recommended to
President Coolidge and secretary of
State Hughes by the American com-
missioners in the recent so-called
"recognition conference" at Mexico
City, it was learned authoritatively to-
day.

The two commissioners, Charles
B. Warren and John Barton Payne
arrived here from Mexico City and
went into conference with secretary
Hughes. After the conference the
State Department, Hughes and the
commissioners are expected to go
to the White House and confer with
the president.

Soon after the report of the
American commissioners to Hughes
and the president, it is understood
an agreement on disputed points be-
tween the United States and Mexico,
arrived at in the period of about 3
months of negotiations in Mexico,
will be announced simultaneously
here and in the Mexican Capital.

The extension of American rec-
ognition to the Obregon government
of Mexico will be announced at the
same time as the agreement or
shortly thereafter.

RULE OF THE LASH BEING COMBATTED

Constituted Authorities in Three
States Concentrate to Rid South
of Flogging Bands

MACON, GA., MEN CAUGHT

Texas Rangers on Duty in Port Ar-
thur and Amarillo Force Opera-
tions to Cease for Present

(By United Press)

Rule by the lash in sections of the
south was fought today by the forces
of visible, orderly governmental
procedure.

Regularly constituted authorities
in three states concentrated all possi-
ble power to stamp out the invisible
government which enforced its edicts
with the "black snake", the tar pot
and feathers.

Operation of flogging bands in sev-
eral cities had become so bold and
promiscuous that certain classes of
people were afraid to venture from
their homes after dark. The whippers
were apt to pick up any one who
had gained their enmity.

Punishment was not a mild spank-
ing. Victims of the invisible govern-
ment was flogged to the point where
many were in serious danger of
death. Great wounds were opened in
their backs by the cutting end of the
whip, frequently loaded. A wet rope
also has been used in many instan-
ces.

In Macon, Ga., authorities believed
they had broken up a gang which had
terrorized that city for months, with
the arrest of three brothers alleged
to have been caught in the act of
whipping negroes.

Texas Rangers on duty in Port
Arthur and Amarillo, where recent
floggings occurred, had apparently
forced flogging bands in those cities
to put an end to their parties for the
time being, at least.

Guardmen enforcing martial law
in Tulsa, met opposition from civil-
ians. Military officials said they were
prepared to file charges of perjury
against two men alleged to have given
false testimony in investigations in
floggings.

Taken From Deputy Sheriff

Eau Claire, Wis., Aug. 20.—G. A.

OPPOSED TO KU KLUX KLAN

(By United Press)

Steubenville, Ohio, Aug. 20.—Possi-
bility of further strife between the
Ku Klux Klan and anti-klan fac-
tions, was seen here today with the
formation of the Knights of the
Flaming Circle.

Although those supporting the
new society will not talk regarding
the purposes of the party, it is
pointed out that men known to be
opposed to the invisible empire are
behind it.

Both city and county officials to-
day, under specific orders of Gov-
ernor Vic Donahey, are taking every
precaution against renewal of fight-
ing as an outgrowth of last week's
rioting, when fifty persons were
severely beaten in a fight between
Klansmen and anti-klan forces.

house urging enforcement of prohi-
bition.

Renewed Testimony

No one in Rushville who suffers backache, headaches, or distressing urinary ills can afford to ignore this Rushville man's twice-told story. It is confirmed testimony that no Rushville resident can doubt.

A. M. Younger, retired farmer, 828 W. 10th St., Rushville, says: "When a man gets as old as I, he is bound to have trouble with the kidneys. At times my back got weak and lame and there was a dull aching through the small of it. The kidney secretions were too frequent in passage, causing me to get up at night. I used Doan's Kidney Pills procured at Johnson & Co.'s Drug store and they have never failed to relieve me."

The above statement was given August 26, 1915 and on November 5, 1920, Mr. Younger added: "I still think Doan's Kidney Pills are the best medicine made for kidney trouble."

Party From Near Orange Rounded up at New Albany

(New Albany Tribune)

The report was received a few days ago from the authorities of Fayette county that a number of machines filled with people were headed for the southern part of the State, and while they had done nothing to cause any immediate alarm it would be well to keep them under surveillance. Our efficient and courteous Mayor received the tip that they were headed for New Albany and they were finally rounded up at Glenwood Parkland after the excitement had died down it was discovered that they were a number of representative citizens from Fayette and adjoining counties who, having heard of our splendid city and beautiful scenery around it, decided to come and spend a week of recreation and rest.

The leader of the party, Dr. W. R. Phillips, was formerly a Jefferson County, Indiana, man, graduated from the Kentucky School of Medicine in 1905 and has been practicing medicine in Fayette county ever since with the exception of three terms when he was in the Legislature in 1919, 1921 and 1923. Dr. Phillips was chairman of the committee that made the appropriation for the reformatory that has been established at Pendleton. The other members of the party are as follows: Mrs. W. R. Phillips, Mr. and Mrs. Tom Reed, Mr. and Mrs. Russell Coon, Mr. and Mrs. John Dawson and daughter, Maxine; Misses Nellie Henry, Helen Reed, Marion and Marjorie Tittsworth, Mr. Ed Newby and daughter, Katherine, of Glenwood, Ind., Mr. and Mrs. De Alma Hartman of Rushville; Mr. and Mrs. Paul Morris of New Salem, and Miss Clara Whitaker, Mr. Coleman Phillips and Mr. Donald Friend, of Connersville.

Dr. Phillips and his party are of the same opinion as many others who have visited Glenwood Park this season, that it is one of the most beautiful natural parks they have ever visited.

Since the city failed to take any definite action in regard to the tour-

ist camp this season, through the courtesy of the management of Glenwood Park a small space has been set aside for the accommodation of those who might pass through our city. Consequently Glenwood Park and the city of New Albany have been visited this season by almost every State in the Middle West as far west as California and Washington and as far south as Florida.

CASE IS CONTINUED

The case of Frank Gilson against Bert Orme, a petition for liability compensation, filed before the state industrial board, was scheduled for a hearing this morning in the court house, before a representative of the industrial board, and by agreement of the parties the case was continued until a later date. The petitioner, Mr. Gilson, was formerly employed as a truck driver for the Orme taxi company, and a finger on his hand was injured, and later had to be amputated, and the petition was filed for the compensation.

RESIGNS AS BOOK-KEEPER

Miss Norma Geraghty has resigned her position as book-keeper at the Pitman & Wilson Drug Store and will leave soon for future residence in Indianapolis. Miss Mildred Mary will succeed her as book-keeper at the store.

FRANKLIN COUNTY
SHERIFF IS KILLED

Continued From Page One

Early this morning Sheriff VanCamp received a call from Cincinnati, stating that a machine had been stolen, and that several road houses and other business places had been held up and robbed during the night.

The sheriff learned that such a machine was parked in the eastern part of the county, and he went to Mt. Carmel to examine the machine.

As he was looking into the car, two men opened fire on him, and the sheriff shot three times at his assailants, but three of their shots proved fatal, with one piercing his right shoulder, another one near his heart and the third one going through his wrist.

Farmers heard the shooting and investigated, and a small boy near the entrance to the grove told them that they went out the gate and went north in their machine.

The machine that was stolen in Cincinnati was a Nash touring car and had Ohio license plates number 35806. So far as it is known, no one knew the number of the plates on the car that carried the murderers.

The Franklin county sheriff was recognized as being fearless, and had achieved considerable recognition as an officer, and had taken an active part in recent campaigns against bootleggers.

CONSTABLES TO
PROVIDE BONDS

Continued From Page One

the police department must be appointed as deputy police. The chief plans to have the department ready to answer any call of the sheriff for assistance but otherwise to limit police activities to the city. The two officials are taking these steps not in criticism of any association or group of men it is stated but solely as a move to protect their bonds.

Statements of various officials, including police and members of the detective association point to the opinion that a group of men without official qualifications were present with one patrolman and three constables at the scene of the shooting. Patrolmen Jones and Smith explained the affair as follows last night:

An officer of the association, with

whom the police have worked in the past, gave information regarding an alleged booze runner deserting the car and giving the license number. He asked for assistance. Jones detailed Patrolman Smith and Neal. Smith accompanied three constables to the Brookville road. Neal went with three other constables to the Nullown road. After the party with which Smith went arrived at the scene eight or ten other men appeared. Everything went all right for some time as the officers halted cars in search of the alleged booze running machine. Finally one car failed to halt on signal and shots were fired. The patrolman declared he does not know who fired the shots and that he does not approve of such actions. The second car was fired upon a few minutes later.

The officers stated that they saw nothing wrong at the time in accom-

panying the constables. They said they do not wish to blame anyone, but that they feel the trouble might have been avoided if the official party had not been joined by the outsiders. The said they did not wish to criticize the association because they have worked together successfully in the past. They refused to make public the names of the constables and stated they were willing to stand the responsibility rather than shift any of it to Chief Ketchum. Both officers declared the chief knew nothing about the searching party until he was halted by the searchers.

The detective association holds the opinion that a statement of the stand of the organization is necessary due to an attitude which they consider to be feeling and public sentiment against the local branch. The statement declares that the members are not "pretended officers" but that they are fully qualified and are men of unquestionable character, believing in rigid law enforcement. The statement sets out that the association is ready to assist the sheriff and the police department in the future as in the past.

Charles E. Smallwood, member of the board of county commissioners, stated this morning that he conferred with the detective association re-

garding bond and found the members willing to give bond in the sum of \$1,000 each.

A Seasonable Warning

"Let the auto driver remember
that speed in loose gravel may mean
slow music and a long time under
soil that is not loose."

Thus ends a statement from the
Hoosier State Automobile association,
giving a very seasonable warn-
ing to motorists, who are urged to
beware of loose gravel, a rival of
railroad grade crossings as a source
of danger.

"The sooner all drivers in Hoosier-
dom realize this the sooner will the
safety factor on all highways be in-
creased," the statement says.
"Where a heavy car may roll for-
ward on a straight line in light or
medium stretches of gravel, the
light-weight car is almost certain to
skid and if the rate of speed is even
as fast as 30 miles an hour that car
is quite apt to go into the ditch, or
to sideswipe another car in passing,
possibly throwing both into the ditch.

"These are things that must be
considered by every driver. He
must learn to use judgment—horse
sense, if you please—else the thou-
sands of gravelly spots in the road-
ways are going to continue to take
their death and accident toll along
with the grade crossings. It is taken
for granted that most motorists want
to live, yet to see their driving one
wouldn't think so. Are you a suicide
motorist? Are you a manslaughter
motorist? No? Well—prove it by
being cautious in loose gravel, and
especially cautious in passing another
vehicle. Under such circumstances
there is one certain solution—slower
speed—and that is the only solution."

This May Be the Summer White House

President Coolidge and his family in the past have spent their vacations at Red Gables, the summer home
of Frank W. Stearns, at Swampscott, Mass. If the president continues this custom Red Gables, pictured
above, will become the summer White House of the nation.

It is asserted in the safety bulletin
that the Hoosier auto association
is working primarily to educate mo-
torists to drive on the side of cau-
tion rather than on the side of bra-
vado or daring, or trying to see how
fast they can travel "from here to
yonder."

The auto association cites the fact
that it is absolutely essential that
new gravel or macadam be spread on
the Indiana highways during the win-
ter. "The public must make allow-
ances for the legitimate and sensible
spreading of gravel or stone," the
statement says. "However, the prac-
tice of dumping gravel by the wagon
load and leaving it in that condition,
ought to be discouraged; in fact, it
should be discontinued."

County and township road super-
visors who are permitting such
practices should be seen personally
by auto owners of the township or
county and requested to see to it
that all fresh gravel or stone is pro-
perly spread when it is put down.
This is a safety matter. It is of im-
portance to every individual in his
own home community. If he neglects
to register a complaint, who is to do
it?

Under the method adopted by the
Indiana State Highway Commission,
the motor association states, "the
state roads have loose gravel or
stone in stretches, but this material
is usually properly spread and soon
begins to pack down. The new 'met-
al', as engineers term it, is abso-
lutely essential for the preservation
of the state highways. While it may be
properly spread there is still an ele-
ment of danger to speeding auto-
mobiles, it may well be understood if
one but stops to think."

ENOUGH TO WIN PENNANT

National League Leaders In Im-
proved Condition For Final Drive
—Yanks Out In FrontBy HENRY L. FARRELL
(C. P. Staff Correspondent)

New York, Aug. 29.—After another mild scare thrown into them by the unrelenting Cincinnati Reds, the New York Giants are still out in front with the slimmer but still comfortable lead of six games.

Six games would not serve to survive much of a slump if the champions should fall into a bad one, but as long as they continue to rise to the occasion as they have in the past, a half dozen games at this late stage of the race ought to be enough to carry them to another pennant.

So far this season, the Giants have been highly erratic and they demonstrated their ability to play all kinds of ball in the last two weeks. When they were put up against a do-or-die proposition on their western trip, they took five straight games from the Reds, who had pennant visions but when they returned home the urge was not so great and they dropped four out of five to Pat Moran's club.

For the hardest part of the drive which is yet to come, the Giants are in improved condition. Jack Scott, Rosey Ryan and Jack Watson are in winning form and it is something unusual for McGraw to have one pitcher who is sure to be there at the end of the game when he is started.

Banfroft is back in the game but the continued disablement of Heinie Gron has forced McGraw to experiment with a new infield combination. Frisch at third, Jackson at short and Bancroft at second have worked so well together that the Giant leader may decide upon it as a permanent combination.

The Giants have a great attack and in this respect they have it over the Cincinnati Reds who are dependent almost entirely upon fine pitching to get there. The Pittsburgh Pirates have a good offense and pitching as good as McGraw, but they are not in there.

In the American League, the only thing the Yanks have to do is to win about one-half of their games and they are managing to do that very well. With the Yanks almost a cinch for the Pennant, Chief interest among the American Leaguers is centered in the drive of Babe Ruth of the league batting championship.

The Babe has gained the lead in home run hitting and he is ahead of Harry Heilmann by nine points in the race for the batting crown. There seems to be little doubt, now that Ruth will be able to win the batting title and when he acquires that he has done everything in baseball, but pitch a no-hit game. If he decides to do that he may do it because the Babe is the most perfect "trier."

RUSHVILLE ADDS VICTORY

Rushville defeated Arlington here Sunday in one of the best ball games of the season, and the final count stood 4 to 2. Both teams played in great style, and the game was practically errorless.

Fred Yazel was on the mound for the locals, as Behnke was unable to come, and Yazel was in his best form, fanning ten batters and allowing five hits. Shaw, third baseman, knocked a homer over the fence for Rushville. Norris and Northam pitched for Arlington and Tyler did the receiving. Byrne caught for Rushville.

Next Sunday the local club will journey up to Greendale to meet the team of that city.

The Score Board

Young's homer in the 12th inning broke up a perfect pitching duel between Scott and Cooper and gave the Giants a 2 to 1 win over the Pirates. Only 38 batters faced Scott and he allowed only three hits in 12 innings.

The Cubs scored nine runs in the last 2 innings and beat the Robins 15 to 8.

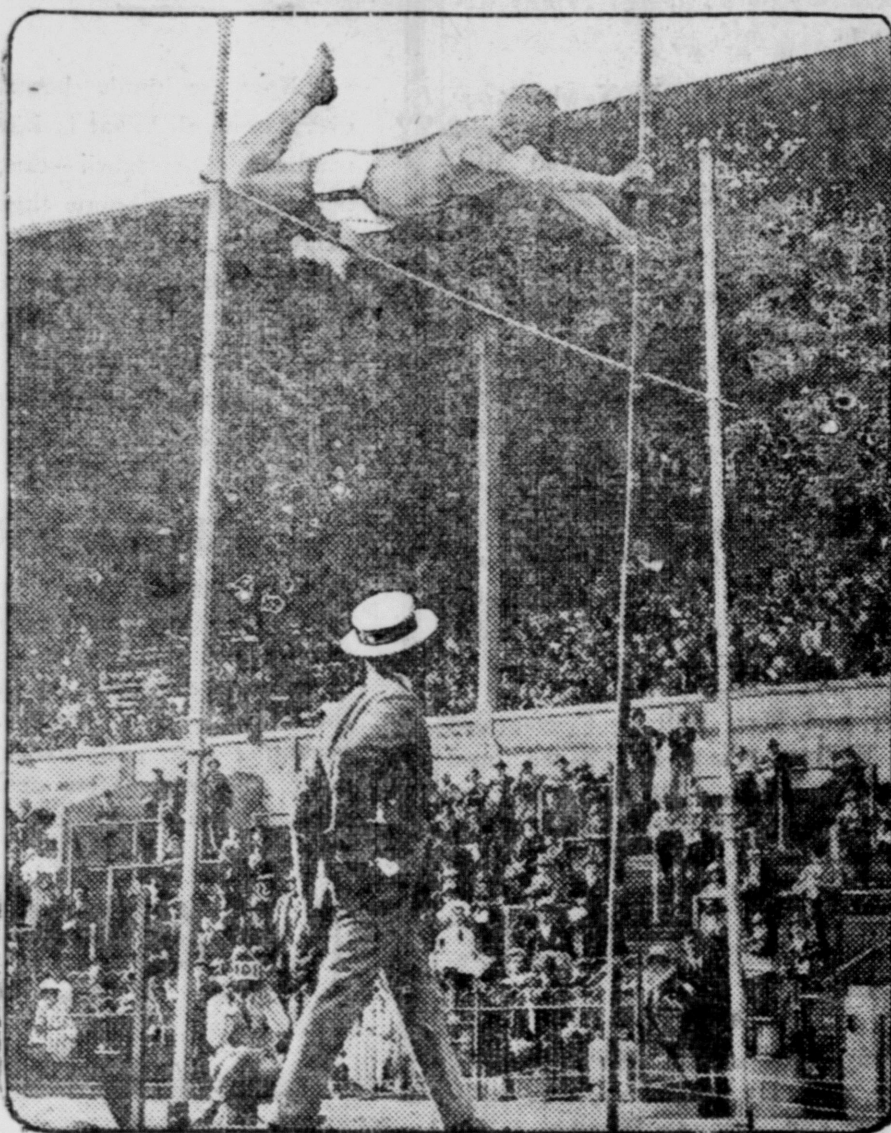

Errors in the ninth inning gave the Tigers a run that beat the Red Sox 5 to 4.

Schaug was left stranded on the bases in the ninth inning with the tying run and the White Sox beat the Yankees 4 to 3.

Joe Judge hit a homer with one on and the Senators beat the Browns 4 to 2.

Uhl led the attack with four hits in five times up and held the Athletics safe all the way, the Indians winning 16 to 3.

Money Needed For U. S. Team

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Aug. 29.—Regarding the transportation to Paris next summer of the athletes, who are to represent the United States in the Olympic and the care of the stars who are to carry the American shield into action, the American Olympic Committee has the following to say:

"The chartering of the S. S. America solved the transportation problem; the chartering of Prince Marat's chateau solved the housing problem—there is still one big problem to be solved—that is the financial problem.

"You can assist in solving this problem by sending in your contribution immediately to Julius H. Barnes, treasurer of the American Olympic Committee, 305 Broadway, New York City."

No more emphasis can be added to this appeal for public support in

helping the committee finance the trip of the American athletes to Paris. England has been raising funds for almost a year to defray the expenses of sending a team to represent the British Isles. Other European countries have secured funds, and the American team will be given sufficient financial backing if the public is made to realize that it has just as much a chance to help the cause as the athletes who make the trip and engage in the actual competition.

There is no question that the money will be well spent and that it will be handled by honest and competent men. The ordinary layman has no idea what it costs to select, mobilize, transport, train and keep a team of two or three hundred athletes in condition to compete in the games. The cost of transportation alone is a staggering sum and the expenses of maintenance is equally as great.

Some money has been raised by the committee through individual subscriptions and through the assessments levied on the receipts of track and field meets conducted by clubs affiliated with the Amateur Athletic Union, but in comparison with the amount needed it is rather a trifling sum.

Perhaps it will be recalled that there were many things attending the last trip to Antwerp that caused dissatisfaction among the athletes and brought just criticism upon the committee in charge of the trip.

But it is not fair to hold that against the committee appointed to conduct the next foreign invasion. It must be remembered that many post-war obstacles were encountered in taking the team to Antwerp and that the committee was sort of out of practice.

There is sure to be no repetition of the discomforts that the 1920 team experienced on its trip to Belgium and during its stay in Antwerp.

COUNTY TOURNAMENT OPENS

The annual Rush county tennis tournament got under way at the city park courts this afternoon with the promise of being one of the best tournaments in the history of the county. The players drew for positions this morning and were all ready for the signal this afternoon when the first game was to be played between Herman Phillips and Clifford Martz. The drawing was as follows:

Phillips vs Martz, Hughes vs Newkirk, Tittsworth vs Cross, Arbuckle vs William Sparks, Jr., Williams Sparks, Sr., vs Tom Ryan, Pitman, Walden and John Ryan drew byes.

AMUSEMENTS

Dorothy Phillips, Princess

Dorothy Phillips, one of the popular stars of the motion picture screen, whose attainments as an emotional actress have been previously revealed in Allen Holubar's productions from "Hearts of Humanity" to "Man-Woman-Marriage", comes to the Princess Theatre today and Tuesday as star of Mr. Holubar's latest First National release, "Hurricane's Gal". The production has been personally directed by Mr. Holubar, who also adapted the story from a narrative by Harvey Gates.

Miss Phillips has the role of a wild untamed girl of the sea, who inherited from her Irish father a spirit of hate and lawlessness and from her mother the warm, romantic blood of the Spanish. As mistress of her late father's opium smuggling ship, she romps the seas with a rag doll, a monkey and a goat as her principal companions and rules the vessel with a ferocity that is usually balanced by abundant good humor. Captain Danny, who had been first mate to the girl's father, a Chinese cook and a rough uncouth Swede mate are the principal figures of her life on the ship.

In the hold of the vessel is a stow-away. He falls in love with the girl, Revenue officers capture the ship. The girl escapes with the cook and the Swede mate. Later, the paths of the girl and the man who first gained her love and admiration and whom she believes to have treacherously deceived her cross again. From this point the story progresses through most absorbing sequences which finally terminate the conflict between love and hate which has been raging in the girl's soul and after a pursuit across the Pacific reunite her and the man who first aroused her love.

William Duncan, Mystic

Running a small newspaper in a Western town a few years ago was not all it was cracked up to be, according to "Playing It Wild", which will be shown at the Mystic Theatre tonight and Tuesday. Bad men didn't like the truth to be printed and were prone to shoot up the office generally and the sanctum sanctorum in particular when the editor displeased them. It took a man's man to be the editor.

"Playing It Wild" tells just how a man unafraid, splendidly portrayed by William Duncan, tackled the job after others had failed. If news was short he made it, even if he had to be "Terrible Terry" and stage a few fake hold-ups. And he ridiculed the unpopular sheriff out of town.

As the hero of "Playing It Wild" Duncan has what for him is a brand new type of role, although he still manages to get into thrilling situations and out of them again. He has a lot of comedy scenes, something new for his productions, and, of course, a love affair, in which Edith Johnson is the pretty sweetheart. C. Graham Baker wrote the story especially for Duncan and his co-star.

"My
Rheumatism
is gone —"

"THERE are thousands of you men and women, just like I once was—slaves to rheumatism, muscle pains, joint pains, and horrible stiffness. I had the wrong idea about rheumatism for years. I didn't realize that increasing blood-cells had the effect of completely knocking out rheumatic impurities from the system. That is why I began using S. S. S. Today I have the strength I used to have years ago! I don't use my crutches any more." S. S. S. makes people talk about themselves the way it builds up their strength. Start S. S. S. today for that rheumatism. You'll feel the difference shortly.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

FRANKLIN COUNTY SHERIFF IS KILLED

William VanCamp Shot to Death
Eight Miles East of Brookville
by Automobile Thieves

LOCAL OFFICIALS CALLED

Sheriff Hunt, Chief of Police Blackburn and Patrolman Lakin Assist
in the Search

(By United Press)

Brookville, Ind., Aug. 20.—Sheriff William VanCamp of Franklin county was shot to death by two bandits in an automobile, eight miles east of here, today.

The bandits opened fire on the sheriff when he attempted to examine their car, which he believed was a stolen one. The car bore an Ohio license.

The two bandits had camped over night in a woods near Brookville. Their actions this morning aroused the suspicion of a farmer and he called the sheriff.

Sheriff VanCamp went to investigate alone. He entered the woods just as the bandits were leaving and attempted to stop them. Persons near the scene heard five shots. The bandits fled in their car. The sheriff was found with four bullet holes through his chest and abdomen.

Immediately after the shooting hundreds of men in southeastern Indiana and southwestern Ohio joined in a search for the murderers. VanCamp was thirty-seven years old and was serving his second term as sheriff. He was a world war veteran and had been married only two months ago. The widow is prostrated with grief over the shooting.

Rushville authorities were notified about 8:30 this morning that William VanCamp, sheriff of Franklin county, had been shot near Brookville, and Sheriff Hunt, with Police Chief Blackburn and Patrolman Lakin left at once on the Brookville road in a machine, expecting to head off the car if it came this way.

Other officers were stationed at street corners to watch for a Nash touring car, bearing an Ohio license, but no car answering the description passed through the city.

The local officers made the entire trip to Brookville and stated that a posse of farmers had the roads well guarded around that city. In some places rail fences were built across the roads, so that all machines had to stop before passing.

When the officers returned here this afternoon, they stated that there was very little clue to the affair. The strangers came to Mr. Carmel, 8 miles east of Brookville, near the Ohio state line, last night, and asked permission to camp overnight in a grove near the farm house.

FOUR FARM HANDS ACCUSED OF THEFT

John, Walter and Fred Hasty and
Claude Johnson Arrested on
Charge of Conspiracy

CHICKEN STEALING ALLEGED

Four men, all farm hands living north of Rushville, were arrested Sunday and are in jail on a charge of conspiracy to commit a felony, the affidavit being the result of what is said to be a chicken theft on the Leisure farm, tenanted by Russell Reddick.

The men arrested are John Hasty, Walter Hasty, Fred Hasty and Claude Johnson. John and Walter Hasty and Johnson were arrested about noon Sunday morning and Fred Hasty was arrested late yesterday evening.

The affidavit was signed by Mr. Reddick, who alleges that on August 18, the four men conspired with each other for the purpose of stealing, and did steal 44 chickens from the prosecuting witness, and that the value of the loot was \$40.

It is understood that the farmer missed about 60 chickens from his flock, and started an investigation, assisted by neighbors. According to the officers, the clue that was furnished the farmers was followed, and the chickens were said to have been identified by Mr. Reddick, in possession of one of the defendants.

BOND IS RAISED TO \$1,000

Harold Case, Alleged Nude Motorist,
Bound Over to Circuit Court

Harold Case, the alleged nude motorist, was again taken into custody by Sheriff Hunt, upon orders from Judge Sparks in the circuit court, who permitted his release upon a \$1,000 bond. He had been held on a \$100 bond in Justice Steel's court on a charge of public indecency.

The defendant is under a suspended sentence of from 2 to 14 years on a charge of grand larceny, and until the case charging him with public indecency can be tried, the higher court intervened and increased his bond. It is the custom in the circuit court to revoke the suspended sentence, if the defendant is deemed guilty of doing anything that would justify the court to take such action, and for this reason it is supposed that the court wanted higher bond.

CONSTABLES TO PROVIDE BONDS

Decision of Fayette County Branch

Question Arises When Machines Are
Searched and Fired on by Un-
known Persons

Members of the Fayette county branch of the National Horse Thief Detective association, who have been appointed constables by the Fayette county board of commissioners, will provide bonds of \$1,000 each, it is stated in the Connersville News-Examiner, on the authority of Charles E. Smallwood, member of the board, who conferred with representatives of the association.

Several weeks ago the Rush county board of commissioners decided to issue no more appointments as constables to members of the Rush county company until they provided bonds of \$1,000 each, acting in accordance with an opinion of T. M. Green, county attorney.

The question came to issue in Fayette county when two automobiles were fired on Wednesday night last week by a raiding party searching for an alleged booze runner. Continuing regarding the action of the authorities in Connersville, who have decided that only men deputized by the sheriff or chief of police shall assist the police, the News-Examiner says:

The announcement regarding bond is part of a statement issued by the association, in which an explanation of the shooting affair is given. The explanation agrees with statements made last night by Patrolman Harry Smith, who was at the scene of the shooting, and Patrolman Willie Jones who as night chief ordered Patrolman Smith to accompany three members of the association in an effort to capture an alleged booze runner.

As a result of the Wednesday night incident Sheriff George H. Haley has decided that in the future officers engaged in official duties upon the public highways of the county will be deputized by him. Everett Ketchum, chief of police, also has taken the stand that men assisting

Camp Red Wing Visitors

A number of friends and relatives of Rush county boys at Camp Red Wing, Turkey Run state park, near Marshall, Ind., visited the boys at camp Sunday, which was visitors day. They found the boys quite very much enthused over the "hikes" which they had enjoyed to historic spots in the vicinity of the camp. Among the visitors from here were:

Dr. and Mrs. Lowell M. Green and son Lowell, Jr., and Mrs. Jesse B. Fargo of Portland, Ore., Mr. and Mrs. Johnson Jones and daughter, Mr. and Mrs. Charles Caldwell and daughter Josephine, Miss Grace Billings, Mr. and Mrs. Roy E. Harold and daughter Joanne, Mrs. Mary L. Neutzenhelzer, Mrs. Ella Neutzenhelzer, Mr. and Mrs. Clarence Cross, Mr. and Mrs. Hillary G. Haydon and Claude Giffin.

The camp is in charge of D. L. Merrell, Rushville scoutmaster, and will continue for another week.

Shootings, Maraudings And
Holdups in Detroit

FOUR HELD IN POLICE MURDER

Detroit, Mich., Aug. 20.—Two youthful bandits in a stolen automobile, held up Arthur Hamm, collector of the General Ice Delivery Company here this morning and escaped with \$5,000 in cash.

This holdup climaxed a 24 hour series of holdups, shootings and maraudings, probably by the same band according to police.

Four men had been arrested by local police this morning, under suspicion that they were members of a band of seven which held up 150 patrons of the Allendale Inn early yesterday, wounding two men and a woman, escaping with between \$6,000 and \$20,000 in cash and jewelry and killing a policeman in their dash for the open.

The prisoners gave their names as Ray Scheere, 26; Edward Edwards, 36; Charles Baker, 29, and James Jones, 26. Two of the men have criminal records, police said. A fifth man, Herman Sakalus, of Brooklyn, N. Y., was also arrested.

CROWD EXPECTED ON COUNTY TOUR

Ten Litter Entries And Soy Beans
Will Be Studied by Farmers on
Trip Tuesday

A BASKET DINNER AT NOON

Hog Meeting Scheduled for Jesse
Gray Farm at 1 P. M. Followed
by Soy Bean Meeting

According to reports reaching the county agent's office here, a large number of farmers will attend the combination Ten Litter and Soy Bean tour that will cover the lower half of the county Tuesday. Every farmer in the county is invited and urged to attend and if they find it impossible to make the entire tour, they should enjoy the basket dinner to be served at the Jesse Gray & Son farm, two miles southwest of Henderson, and attend the hog meeting which will be held immediately following the dinner.

At the morning stops a ten litter or ten litter prospect will be seen, including the litters of Jesse Gray and son and R. W. Dawson & Son. Another attraction on the trip will be the litter of Chester Meal, which already has reached the ton mark, with several more days yet to feed.

The farmers will also visit a number of fields of soy beans and Grimm alfalfa. Following the hog meeting in the afternoon, the remainder of the day will be given over to the soy bean project. The bean situation will be studied on the farm of S. R. Newhouse where fields of soy beans will be inspected and where a report of the results of following soy beans with wheat will be given.

The tour will leave the court house at 8 a. m., arrive at the D. W. Dawson and son farm at 8:30 a. m.; leave Dawson's at 9 a. m., arrive at Chester Meal 10 a. m.; leave Meal's 10:30 a. m., arrive at Charlie Phillips 11 a. m.; leave Phillips' 11:30 a. m.; arrive at Jesse Gray & son 12 noon. Basket dinner. Ten litter and Hog meeting 1 p. m. Address by J. R. Wiley. Leaving the Gray farm at 2 p. m. the tour will go to the farm of S. R. Newhouse. Here W. A. Osterlander will give a talk on Soy Beans.

ISLAND IN LAKE ERIE SEARCHED FOR SLAYERS

Blood Hounds Lead to Edge of Lake
in Hunt For Murderers of Monroe, Mich., Policeman

MAY HAVE BEEN DETROIT BAND

Monroe, Mich., Aug. 20.—Blood hounds today led searchers for the murderers of Motorcycle Patrolman Oscar Reinhardt to the edge of Lake Erie at Bolles Harbor, three miles south of here.

Across from the spot where the blood hounds came to a stop, after a trail of five miles across the country, is Kusler's island, where the posse expected to find the three men in the party of four autoists, who shot and fatally wounded the Monroe policeman yesterday.

On the beach where the dogs lost the scent, a row boat had apparently been drawn up on the sand.

Motor boats were sent out onto the lake to search for the men and a party of armed men was organized to explore Kusler's Island for the slayers.

Reinhardt was shot when he stopped a car speeding through Monroe. Although fatally wounded, he fired five shots at the automobile. Before he died he said he believed he had wounded one of the men.

The men in the death car are believed by police to have been among the bandits who held up a crowd of 170 persons in the Allendale Inn at Detroit on Saturday night.

FOR PARTITION ON CLAIM

Two Law Suits are Placed on File
in Tho-Circuit Court

A complaint for partition of real estate and a suit on a claim against an estate were filed in the circuit court today. Richard Whittinger is plaintiff in the suit against Verma A. Wagoner, et al., in which he asks the court to partition the real estate among the numerous persons who maintain an interest in it.

The Peoples National Bank is plaintiff in an action placed on the record in the nature of a claim against Lora Behout, administratrix of the estate of Manzy Behout, and in which the demand is \$1,205.00. The bank alleges that the claim is unpaid and past due, and asks that the court order the administratrix to make the payment.

American Legion Seriously Con-
siders Putting Proposal to Presi-

INTERNATIONAL RACE IS ON

(By United Press)

Indianapolis, Ind., Aug. 20.—President Coolidge may be asked, in the near future, to call a world conference to regulate air craft construction, it was indicated at national headquarters of the American Legion today.

The international race in the air among the nations allied in the world war has alarmed Legion officials to such an extent that today they sent out ballots in a national referendum on the advisability of holding an international conference in Washington to regulate air construction.

All members of congress, governors of all states, 1000 editors, college presidents and prominent citizens throughout the United States will receive ballots in the referendum.

If the referendum shows a majority sentiment in favor of an aircraft limitation conference, National Commander Owsley will ask President Coolidge to call such a conference.

"America is ready to lead the way to secure peace in the air and she has gone far by example to make war impossible on land and sea," a statement from Commander Owsley declared.

"Recognition Conference" In Mex-
ico City Will Bring About Resump-
tion Of Relations

COMMISSIONERS TO ADVISE IT

(By United Press)

Washington, Aug. 20.—American recognition of the Obregon government and resumption of diplomatic relations between the United States and Mexico will be recommended to President Coolidge and secretary of State Hughes by the American commissioners in the recent so-called "recognition conference" at Mexico City, it was learned authoritatively today.

The two commissioners, Charles B. Warren and John Barton Payne arrived here from Mexico City and went into conference with secretary Hughes. After the conference the State Department, Hughes and the commissioners are expected to go to the White House and confer with the president.

Soon after the report of the American commissioners to Hughes and the president, it is understood an agreement on disputed points between the United States and Mexico, arrived at in the period of about 3 months of negotiations in Mexico, will be announced simultaneously here and in the Mexican Capital.

The extension of American recognition to the Obregon government of Mexico will be announced at the same time as the agreement or shortly thereafter.

RULE OF THE LASH BEING COMBATTED

Constituted Authorities in Three
States Concentrate to Rid South
of Flogging Bands

MACON, GA., MEN CAUGHT

Texas Rangers on Duty in Port Ar-
thur and Amarillo Force Opera-
tions to Cease for Present

(By United Press)

Rule by the lash in sections of the south was fought today by the forces of visible, orderly governmental procedure.

Regularly constituted authorities in three states concentrated all possible power to stamp out the invisible government which enforced its edicts with the "black snake", the tar pot and feathers.

Operation of flogging bands in several cities had become so bold and promiscuous that certain classes of people were afraid to venture from their homes after dark. The whippers were apt to pick up any one who had gained their enmity.

Punishment was not a mild spanking. Victims of the invisible government was flogged to the point where many were in serious danger of death. Great wounds were opened in their backs by the curling end of the whip, frequently loaded. A wet rope also has been used in many instances.

In Macon, Ga., authorities believed they had broken up a gang which had terrorized that city for months, with the arrest of three brothers alleged to have been caught in the act of whipping negroes.

Texas Rangers on duty in Port Arthur and Amarillo, where recent floggings occurred, had apparently forced flogging bands in those cities to put an end to their parties for the time being, at least.

Guardsmen enforcing martial law in Tulsa, met opposition from civilians. Military officials said they were prepared to file charges of perjury against two men alleged to have given false testimony in investigations in floggings.

Taken From Deputy Sheriff
Eau Claire, Fla., Aug. 20.—G. A. Davis, local barber, was taken from a deputy sheriff by a band of masked men here today, and spirited away in an automobile.

The barber had been arrested by the deputy on a charge of non-support of his wife.

A large crowd witnessed the kidnapping.

More Trouble With Formation Of
Knights Of Flaming Circle

OPPOSED TO KU KLUX KLAN

(By United Press)

Steubenville, Ohio, Aug. 20.—Possibility of further strife between the Ku Klux Klan and anti-klan factions, was seen here today with the formation of the Knights of the Flaming Circle.

Although those supporting the new society will not talk regarding the purposes of the party, it is pointed out that men known to be opposed to the invisible empire are behind it.

Both city and county officials today, under specific orders of Governor Vic Donahey, are taking every precaution against renewal of fighting as an outgrowth of last week's rioting, when fifty persons were severely beaten in a fight between Klansmen and anti-klan forces.

7,000 Klansmen In Parade
Marion, Ill., Aug. 20.—Seven thousand men, klansmen and klan sympathizers, paraded the streets of Marion for three hours today, after a half dozen Williamson county preachers addressed the gathering from the steps of the court house urging enforcement of prohibition.

Renewed Testimony

No one in Rushville who suffers backache, headaches, or distressing urinary ills can afford to ignore this Rushville man's twice-told story. It is confirmed testimony that no Rushville resident can doubt.

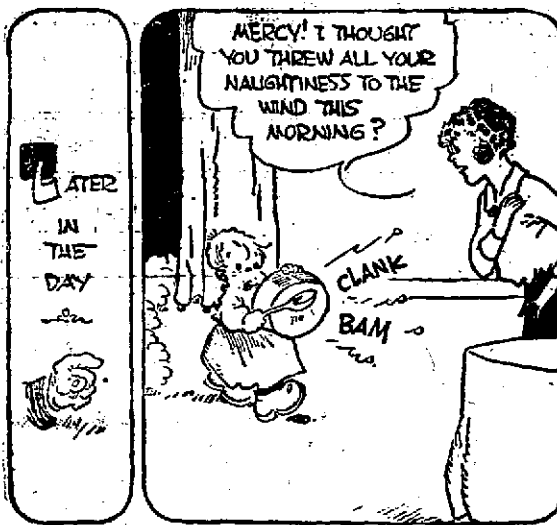

A. M. Younger, retired farmer, 828 W. 10th St., Rushville, says: "When a man gets, as old as I, he is bound to have trouble with the kidneys. At times my back got weak and lame and there was a dull aching through the small of it. The kidney secretions were too frequent in passage, causing me to get up at night. I used Doan's Kidney Pills procured at Johnson & Co.'s Drug store and they have never failed to relieve me."

The above statement was given August 26, 1915 and on November 5, 1920, Mr. Younger added: "I still think Doan's Kidney Pills are the best medicine made for kidney trouble."

Party From Near Orange Rounded up at New Albany

(New Albany Tribune)

The report was received a few days ago from the authorities of Fayette county that a number of machines filled with people were headed for the southern part of the State, and while they had done nothing to cause any immediate alarm it would be well to keep them under surveillance. Our efficient and courteous Mayor received the tip that they were headed for New Albany and they were finally rounded up at Glenwood Park and after the excitement had died down it was discovered that they were a number of representative citizens from Fayette and adjoining counties who, having heard of our splendid city and beautiful scenery around it, decided to come and spend a week of recreation and rest.

The leader of the party, Dr. W. R. Phillips, was formerly a Jefferson County, Indiana, man, graduated from the Kentucky School of Medicine in 1905 and has been practicing medicine in Fayette county ever since with the exception of three terms when he was in the Legislature in 1910, 1921 and 1923. Dr. Phillips was chairman of the committee that made the appropriation for the reformatory that has been established at Pendleton. The other members of the party are as follows: Mrs. W. R. Phillips, Mr. and Mrs. Tom Reed, Mr. and Mrs. Russell Coon, Mr. and Mrs. John Dawson and daughter, Maxine; Misses Nellie Henry, Helen Reed, Marion and Marjorie Tinsworth, Mr. Ed Newby and daughter, Katherine, of Glenwood, Ind., Mr. and Mrs. De Anna Hartman of Rushville; Mr. and Mrs. Paul Morris of New Salem, and Miss Clara Whitaker, Mr. Coleman Phillips and Mr. Donald Friend, of Connersville.

Dr. Phillips and his party are of the same opinion as many others who have visited Glenwood Park this season, that it is one of the most beautiful natural parks they have ever visited.

Since the city failed to take any definite action in regard to the tour-

ist ramp this season, through the courtesy of the management of Glenwood Park a small space has been set aside for the accommodation of those who might pass through our city. Consequently Glenwood Park and the city of New Albany have been visited this season by almost every State in the Middle West as far west as California and Washington and as far south as Florida.

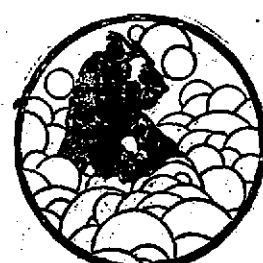

CASE IS CONTINUED

The case of Frank Gilson against Bert Orme, a petition for liability compensation, filed before the state industrial board, was scheduled for a hearing this morning in the court house, before a representative of the industrial board, and by agreement of the parties the case was continued until a later date. The petitioner, Mr. Gilson, was formerly employed as a truck driver for the Orme taxi company, and a finger on his hand was injured, and later had to be amputated, and the petition was filed for the compensation.

FRANKLIN COUNTY SHERIFF IS KILLED

Continued From Page One
Early this morning Sheriff Van-Camp received a call from Cincinnati, stating that a machine had been stolen, and that several road houses and other business places had been held up and robbed during the night.

The sheriff learned that such a machine was parked in the eastern part of the county, and he went to Mt. Carmel to examine the machine.

As he was looking into the car, two men opened fire on him, and the sheriff shot three times at his assailants, but three of their shots proved fatal, with one piercing his right shoulder, another one near his heart and the third one going through his wrist.

Farmers heard the shooting and investigated, and a small boy near the entrance to the grove told them that they went out the gate and went north in their machine.

The machine that was stolen in Cincinnati was a Nash touring car and had Ohio license plates number 35806. So far as it is known, no one knew the number of the plates on the car that carried the murderers.

The Franklin county sheriff was recognized as being fearless, and had achieved considerable recognition as an officer, and had taken an active part in recent campaigns against bootleggers.

CONSTABLES TO PROVIDE BONDS

Continued From Page One

the police department must be appointed as deputy police. The chief plans to have the department ready to answer any call of the sheriff for assistance but otherwise to limit police activities to the city. The two officials are taking these steps not in criticism of any association or group of men it is stated but solely as a move to protect their bonds.

Statements of various officials, including police and members of the detective association point to the opinion that a group of men without official qualifications were present with one patrolman and three constables at the scene of the shooting. Patrolmen Jones and Smith explained the affair as follows last night:

An officer of the association, with

whom the police have worked in the past, gave information regarding an alleged booze runner describing the car and giving the license number. He asked for assistance. Jones detailed Patrolman Smith and Neal. Smith accompanied three constables to the Brookville road. Neal went with three other constables to the Nulown road. After the party with which Smith went arrived at the scene eight or ten other men appeared. Everything went all right for some time as the officers halted cars in search of the alleged booze running machine. Finally one car failed to halt on signal and shots were fired. The patrolman declared he does not know who fired the shots and that he does not approve of such actions. The second car was fired upon a few minutes later.

The officers stated that they saw nothing wrong at the time in accom-

panying the constables. They said they do not wish to blame anyone, but that they feel the trouble might have been avoided if the official party had not been joined by the outsiders. The said they did not wish to criticize the association because they have worked together successfully in the past. They refused to make public the names of the constables and stated they were willing to stand the responsibility rather than shift any of it to Chief Ketchum. Both officers declared the chief knew nothing about the searching party until he was halted by the searchers.

The detective association holds the opinion that a statement of the stand of the organization is necessary due to an attitude which they consider to be feeling and public sentiment against the local branch. The statement declares that the members are not "pretended officers" but that they are fully qualified and are men of unquestionable character, believing in rigid law enforcement. The statement sets out that the association is ready to assist the sheriff and the police department in the future as in the past.

Charles E. Smallwood, member of the board of county commissioners, stated this morning that he conferred with the detective association re-

garding bond and found the members willing to give bond in the sum of \$1,000 each.

ADMIT THE MASTER:—Behold I stand at the door, and knock; if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with Me. He that hath an ear, let him hear what the Spirit saith.—Rev. 3: 20, 22.

A Seasonable Warning

"Let the auto driver remember that speed in loose gravel may mean slow music and a long time under soil that is not loose."

Thus ends a statement from the Hoosier State Automobile association, giving a very seasonable warning to motorists, who are urged to beware of loose gravel, a rival of railroad grade crossings as a source of danger.

"The sooner all drivers in Hoosier-dom realize this the sooner will the safety factor on all highways be increased," the statement says. "Where a heavy car may roll forward on a straight line in light or medium stretches of gravel, the light-weight car is almost certain to skid and if the rate of speed is even as fast as 30 miles an hour that car is quite apt to go into the ditch, or to sideswipe another car in passing, possibly throwing both into the ditch."

"These are things that must be considered by every driver. He must learn to use judgment—horse sense, if you please—else the thousands of gravely spots in the roadways are going to continue to take their death and accident toll along with the grade crossings. It is taken for granted that most motorists want to live, yet to see their driving one wouldn't think so. Are you a suicide motorist? No? Well—prove it by being cautious in loose gravel, and especially cautious in passing another vehicle. Under such circumstances there is one certain solution—slower speed—and that is the only solution."

Pays for Itself the First Week

This May Be the Summer White House

President Coolidge and his family in the past have spent their vacations at Red Gables, the summer home of Frank W. Stearns, at Swampscott, Mass. If the president continues this custom Red Gables, pictured above, will become the summer White House of the nation.

It is asserted in the safety bulletin that the Hoosier auto association is working primarily to educate motorists to drive on the side of caution rather than on the side of bravado or daring, or trying to see how fast they can travel "from here to yonder."

The auto association cites the fact that it is absolutely essential that new gravel or macadam be spread on the Indiana highways during the winter. "The public must make allowances for the legitimate and sensible spreading of gravel or stone," the statement says. "However, the practice of dumping gravel by the wagon load and leaving it in that condition, ought to be discouraged; in fact, it should be discontinued."

County and township road supervisors who are permitting such practices should be seen personally by auto owners of the township or county and requested to see to it that all fresh gravel or stone is properly spread when it is put down. This is a safety matter. It is of importance to every individual in his own home community. If he neglects to register a complaint, who is to do it?

Under the method adopted by the Indiana State Highway Commission, the motor association states, "the state roads have loose gravel or stone in stretches, but this material is usually properly spread and soon begins to pack down. The new material, as engineers term it, is absolutely essential for the preservation of the state highways. While it may be properly spread there is still an element of danger to speeding automobiles, it may well be understood if one but stops to think."

ENOUGH TO WIN PENNANT

National League Leaders In Im-
proved Condition For Final Drive
—Yanks Out In FrontBy HENRY L. FARRELL
(C. P. Staff Correspondent)

New York, Aug. 20. —After another mild scare thrown into them by the unrelenting Cincinnati Reds, the New York Giants are still out in front with the slimmer but still comfortable lead of six games.

Six games would not serve to survive much of a slump if the champions should fall into a bad one, but as long as they continue to rise to the occasion as they have in the past, a half dozen games at this late stage of the race ought to be enough to carry them to another pennant.

So far this season, the Giants have been highly erratic and they demonstrated their ability to play all kinds of ball in the last two weeks. When they were put up against a do-or-die proposition on their western trip, they took five straight games from the Reds, who had pennant visions but when they returned home the urge was not so great and they dropped four out of five to Pat Moran's club.

For the hardest part of the drive which is yet to come, the Giants are in improved condition. Jack Scott, Roney Ryan and Jack Watson are in winning form and it is something unusual for McGraw to have one pitcher who is sure to be there at the end of the game when he is started.

Banforth is back in the game but the continued disablement of Heinie Groh has forced McGraw to experiment with a new infield combination. Frisco at third, Jackson at short and Banforth at second have worked so well together that the Giant leader may decide upon it as a permanent combination.

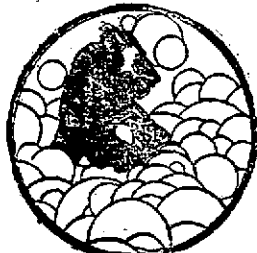

The Giants have a great attack and in this respect they have it over the Cincinnati Reds who are dependent almost entirely upon fine pitching to get there. The Pittsburgh Pirates have a good offense and pitching as good as McGraw, but they are not in there.

In the American League, the only thing the Yanks have to do is to win about one-half of their games and they are managing to do that very well. With the Yanks almost a cinch for the Pennant, Chief interest among the American Leaguers is centered in the drive of Babe Ruth of the league batting championship.

The Babe has gained the lead in home run hitting and he is ahead of Harry Heilmann by nine points in the race for the batting crown. There seems to be little doubt now that Ruth will be able to win the batting title and when he acquires that he has done everything in baseball, but pitch a no-hit game. If he decides to do that he may do it because the Babe is the most perfect "trier."

RUSHVILLE ADDS VICTORY

Rushville defeated Arlington here Sunday in one of the best ball games of the season, and the final count stood 4 to 2. Both teams played in great style, and the game was practically errorless.

Fred Yazel was on the mound for the locals, as Behnke was unable to come, and Yazel was in his best form, fanning ten batters and allowing five hits. Shaw, third baseman, knocked a homer over the fence for Rushville, Norris and Northam pitched for Arlington and Tyler did the receiving. Byrne caught for Rushville.

Next Sunday the local club will journey up to Greenfield to meet the team of that city.

The Score Board

Young's homer in the 12th inning broke up a perfect pitching duel between Scott and Cooper and gave the Giants a 2 to 1 win over the Pirates. Only 38 batters faced Scott and he allowed only three hits in 12 innings.

The Cubs scored nine runs in the last 2 innings and beat the Robins 15 to 8.

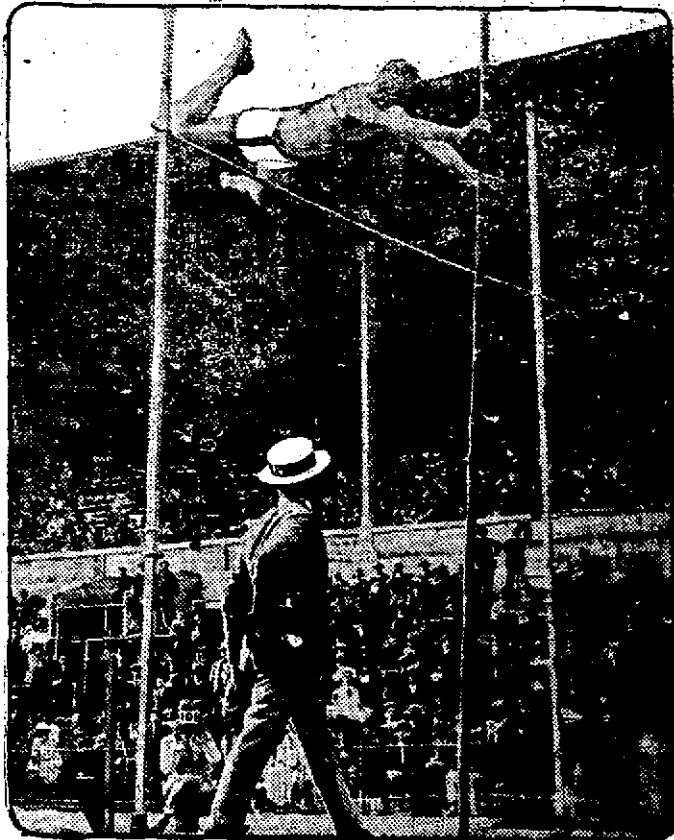

Errors in the ninth inning gave the Tigers a run that beat the Red Sox 5 to 4.

Schang was left stranded on the bases in the ninth inning with the tying run and the White Sox beat the Yankees 4 to 3.

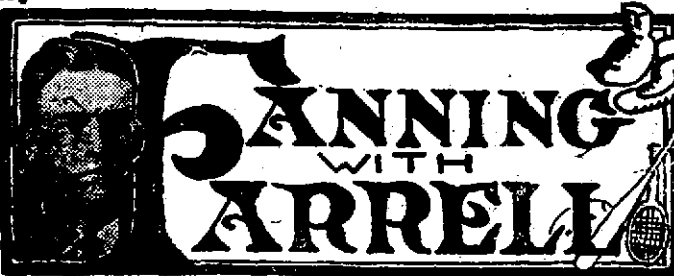

Joe Judge hit a homer with one on and the Senators beat the Browns 4 to 2.

Uhl led the attack with four hits in five times up and held the Athletics safe all the way, the Indians winning 16 to 3.

Money Needed For U. S. Team

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Aug. 20.—Regarding the transportation to Paris next summer of the athletes, who are to represent the United States in the Olympic and the care of the stars who are to carry the American shield into action, the American Olympic Committee has the following to say:

"The chartering of the S. S. American solved the transportation problem; the chartering of Prince Murat's chateau solved the housing problem; there is still one big problem to be solved—that is the financial problem.

"You can assist in solving this problem by sending in your contribution immediately to Julius H. Barnes, treasurer of the American Olympic Committee, 305 Broadway, New York City."

No more emphasis can be added to this appeal for public support in

helping the committee finance the trip of the American athletes to Paris. England has been raising funds for almost a year to defray the expenses of sending a team to represent the British Isles. Other European countries have secured funds, and the American team will be given sufficient financial backing if the public is made to realize that it has just as much a chance to help the cause as the athletes who make the trip and engage in the actual competition.

There is no question that the money will be well spent and that it will be handled by honest and competent men. The ordinary layman has no idea what it costs to select, mobilize, transport, train and keep a team of two or three hundred athletes in condition to compete in the games. The cost of transportation alone is a staggering sum and the expenses of maintenance is equally as great.

Some money has been raised by the committee through individual subscriptions and through the assessment levied on the receipts of track and field meets conducted by clubs affiliated with the Amateur Athletic Union, but in comparison with the amount needed it is rather a trifling sum.

Perhaps it will be recalled that there were many things attending the last trip to Antwerp that caused dissatisfaction among the athletes and brought just criticism upon the committee in charge of the trip.

But it is not fair to hold that against the committee appointed to conduct the next foreign invasion. It must be remembered that many post-war obstacles were encountered in taking the team to Antwerp and that the committee was sort of out of practice.

There is sure to be no repetition of the discomforts that the 1920 team experienced on its trip to Belgium and during its stay in Antwerp.

COUNTY TOURNAMENT OPENS

The annual Rush county tennis tournament got under way at the city park courts this afternoon with the promise of being one of the best tournaments in the history of the county. The players drew for positions this morning and were all ready for the signal this afternoon when the first game was to be played between Herman Phillips and Clifford Martz. The drawing was as follows:

Phillips vs. Martz, Hughes vs. Newkirk, Tittsworth vs. Cross, Buckle vs. William Sparks, Jr., William Sparks, Sr., vs. Tom Ryan, Pitman, Walden and John Ryan drew byes.

AMUSEMENTS

Dorothy Phillips, Princess

Dorothy Phillips, one of the popular stars of the motion picture screen, whose attainments as an emotional actress have been previously revealed in Allen Holubar's productions from "Hearts of Humanity" to "Man-Woman-Marriage", comes to the Princess Theatre today and Tuesday as star of Mr. Holubar's latest First National release, "Hurricane's Gal". The production has been personally directed by Mr. Holubar, who also adapted the story from a narrative by Harvey Gates.

Miss Phillips has the role of a wild untamed girl of the sea, who inherited from her Irish father a spirit of hate and lawlessness and from her mother the warm, romantic blood of the Spanish. As mistress of her late father's opium smuggling ship, she roams the seas with a rag doll, a monkey and a goat as her principal companions and rules the vessel with a ferocity that is usually balanced by abundant good humor. Captain Danny, who had been first mate to the girl's father, a Chinese cook and a rough uncut Swede mate are the principal figures of her life on the ship.

In the hold of the vessel is a stow-away. He falls in love with the girl. Revenue officers capture the ship. The girl escapes with the cook and the Swede mate. Later, the paths of the girl and the man who first gained her love and admiration and whom she believes to have treacherously deceived her cross again. From this point the story progresses through most absorbing sequences which finally terminate the conflict between love and hate which has been raging in the girl's soul and after a pursuit across the Pacific reunite her and the man who first aroused her love.

William Duncan, Mystic

Running a small newspaper in a Western town a few years ago was not all it was cracked up to be, according to "Playing It Wild", which will be shown at the Mystic Theatre tonight and Tuesday. Bad men didn't like the truth to be printed and were prone to shoot up the office generally and the sanctum sanctorum in particular when the editor displeased them. It took a man's man to be the editor.

"Playing It Wild" tells just how a man unafraid, splendidly portrayed by William Duncan, tackled the job after others had failed. If news was short he made it, even if he had to be "Terrible Terry" and stage a few fake hold-ups. And he ridiculed the unpopular sheriff out of town.

As the hero of "Playing It Wild" Duncan has what for him is a brand new type of role, although he still manages to get into thrilling situations and out of them again. He has a lot of comedy scenes, something new for his productions, and, of course, a love affair, in which Edith Johnson is the pretty sweetheart. C. Graham Baker wrote the story especially for Duncan and his co-star.

"my
Rheumatism
is gone —"

"THERE are thousands of you men and women, just like I once was—slaves to rheumatism, muscle pains, joint pains, and horrible stiffness. I had the wrong idea about rheumatism for years. I didn't realize that increasing blood-cells had the effect of completely knocking out rheumatic impurities from the system. That is why I began using S. S. S. Today I have the strength I used to have years ago! I don't use my crutches any more." S. S. S. makes people talk about themselves the way it builds up their strength. Start S. S. S. today for that rheumatism. You'll feel the difference shortly.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.
